Attendance and Participation

Success in this class depends on regular, punctual attendance. More than three absences can be grounds for dismissal from the course. Written assignments are accepted only when a student has been attending class consistently. Students are responsible for making up all missed work. If circumstances arise where you know you will have to miss class, please let me know in advance. In addition to attendance, students are expected to participate in class discussion and in all in-class exercises, such as weekly presentations and the peer review workshops.

***Students must receive a grade of at least 70** in the Writing Tutorial before they can register for Writing Proseminar.

Assignment Format

All assignments are to be submitted via Moodle. Please include your name and type of assignment in the file's name. Assignments should be submitted as doc. or docx. files only. If you expect to have a problem submitting your work as a Microsoft Word file, you must contact me least two days before the assignment is due. Use Times New Roman, font size 12, double-spaced. All assignments must follow MLA style for all aspects, including formatting, in-text citations, and the works cited page.

Late Assignments

In general late assignments will not be accepted unless an extension is agreed upon in advance, nor are extensions granted after a deadline has passed. If a student does not contact me requesting an extension due to extenuating circumstances, the grade for that assignment can be marked down.

Academic Integrity and Plagiarism

Plagiarism is the act of presenting another person's ideas, research, or writings as your own. This includes copying from websites and utilizing uncited sources in your work. Academic integrity violations can result in a failing grade on the assignment and/or the course. Plagiarized papers will automatically receive a failing grade. Cases of plagiarism will be reported to the Department of English and American Studies and documented in the student's personal record.

Classroom Etiquette

Please respect your classmates and conduct yourself in the classroom as you would in a professional setting. It is acceptable to bring a laptop to class. You may bring class material on any device (laptop, tablet) except a phone. Emailing, Facebook, tweeting, texting, etc., are not allowed. Any of these activities will be considered extremely disrespectful to the class. If they are pursued, the student may be asked to leave class, and will receive an absence for the day. In addition, the student's participation grade will be affected negatively.
